DEFINING DOORS

With a multitude of glass designs, options and door styles to choose from, our decorative door range allows you to personalise your home effortlessly.

The entrance to your home is important and because first impressions really do count, we believe it's important that your door reflects your personal taste, style and character.

Inspirational, beautiful and the ultimate in stylish practicality, Decorative Door Products provide you with a wealth of choice to enhance your composite door and create a first impression that speaks volumes.

With 20 years experience in the decorative glass market, we've brought together a stunning range of traditional and contemporary glass options to suit most tastes, budgets and homes.

CRYSTAL ART

Our range of Crystal Art designs are manufactured using a highly advanced multi-patented technology that allows us to create incredibly detailed bevelled effect designs that would be impossible with traditional glass decoration techniques. The advanced resin system we use to create these stunning range of designs provide functionality as well as decoration with sound insulation and breakthrough resistance properties that are unsurpassed.

- Encapsulated inside a double glazed unit for easy cleaning
- Stunning bevel effects which beautifully refract light
- High levels of privacy with textured glass effects and prismatic bevel effects
- It is not possible to produce matching sidelights or toplights

ETCH & FUSION

Our range of Etch Effect designs combine a simple etched glass effect with either traditional hand cut glass bevelled glass or truly stunning fused glass elements. These are bonded to the surface to provide a 3-dimensional effect that can not only be seen, but felt. These ranges use the finest materials and the most up-to-date techniques to produce designs that are simple, yet refract light beautifully, to create a focal point to your entranceway.

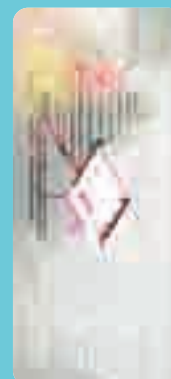

- Contemporary glass designs using fused glass elements
- Dual glazed construction so you can touch the fused elements
- Colour changes available to complement the door colour
- It is not possible to create matching sidelights or toplights

CRYSTAL ART RANGE

French

The French range 'oozes' class with its elegant shape, beautiful curves and light refractive qualities and is rightfully one of our most popular options.

As with all our Crystal Art designs, the French allows high levels of light transmission, sound insulation and added security combined with privacy.

The Half Glazed Arch design also comes with the option of a coloured border which makes a dramatic statement in any home.

CRYSTAL ART RANGE

Gibson

Named after the designer's favourite guitar, the Gibson exudes quality and style.

With the complex yet delicate bevelled detail contrasting against the textured background, the Gibson range creates a stunning combination that will glisten as light reflects and refracts through it.

Quite rightly a classic which will be admired for many years to come.

CRYSTAL ART RANGE

Elderton

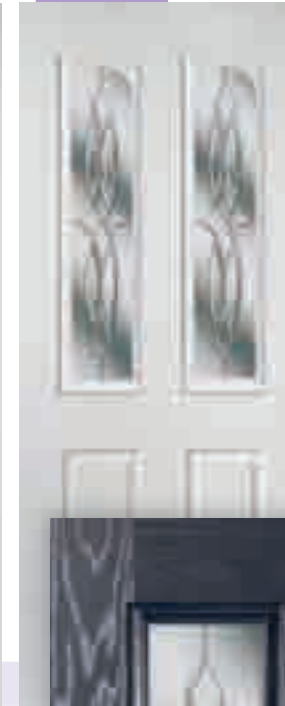

A classic vintage. The Elderton, having been part of our range for the past decade, has stood the test of time. This design continues to receive the praise of delighted homeowners and their neighbours across the country.

With an elegant bevelled cluster at its centre enhanced by multiple glass textures, the Elderton will create prisms of light that will make your entranceway sparkle and glisten.

CRYSTAL ART RANGE

Agate

A classic design with an enduring allure. The large bevelled cluster effect design with the stunning starburst in the centre, creates a dramatic centrepiece to this range that will add a wow factor to any entranceway.

For the half glazed option, the simple bevelled border detail is available in a range of colours to complement the door.

CRYSTAL ART RANGE

Venetian

Artistry in glass design. Venice is renowned around the world for its beautiful art glass and this stunning design could be a proud creation of any Venetian craftsman.

The elegant simplicity of the bevelled design is complemented by the crystal starburst in its centre and offset against a stipple effect glass which offers contrast and privacy.

CRYSTAL ART RANGE

Alpine

Modern and Bold. The Alpine design draws its inspiration from European glass design with its linear, contemporary look.

The stunning bevel lines and grooves will create a rainbow of colours throughout your home whilst the textured effect will maintain privacy.

The Alpine range offers something a little different from our other designs and will express your individuality and modern design style.

ETCH & FUSION RANGE

Mediterranean

The Epitome of elegance and simplicity. The Mediterranean design combines a simple etched glass design with beautiful bevelled glass pendants and diamonds to create a tasteful and luxurious glazing option.

The Mediterranean range is available in the full range of glazing shapes and looks great with any coloured door. Not surprisingly the most popular choice of our etched glass ranges.

ETCH & FUSION RANGE

Californian

A classic design with a modern twist. With a stunning motif of clear lines set against an etched background as its centrepiece, enhanced with handmade bevelled glass which will glitter as light passes through, this stunning design is always a winner.

With the Fusion upgrade available on this option, you can add a splash of colour to your design and create a bold statement.

ETCH & FUSION RANGE

German

Quality and functionality. The German design simply combines 2 textures of etched-effect glass with fantastic results. The etched texture allows light to stream into your home whilst still retaining enough obscurity to maintain your privacy.

The German design is encapsulated inside the double glazed unit leaving a smooth, easy-to-clean glass surface to the exterior.

Integral Blind Options

Introduce a touch of creative innovation to your home with these stunning options for your kitchen and back doors.

Control light and privacy in an instant when you select an integrated door blind. These blinds are cleverly encapsulated within the insulated glass cavity of the door to provide a zero maintenance blind. They can be easily raised and lowered using the unobtrusive fingertip control on the edge of the frame. So say goodbye to tiresome dusting and hello to a beautifully controlled environment.

Decoration with **added** Performance

Modern Composite doors are a combination of great looks and high performance, with strength, low maintenance and probably, most important of all, superb energy efficiency.

As energy costs continue to rise, choosing a door that keeps in the heat and keeps out the cold is now more important than ever - and composite doors are the most energy efficient on the market today. The performance of the door is achieved by a combination of the latest technologies which include the glass elements.

The decorative glass designs in this catalogue combine great aesthetics with high performance, by using Pilkington low-e glass combined with argon gas in the cavity to reduce the amount of heat loss through the glazed area. All our units are also sealed using warm edge spacer technologies to reduce the heat transfer at the edges of the glass.

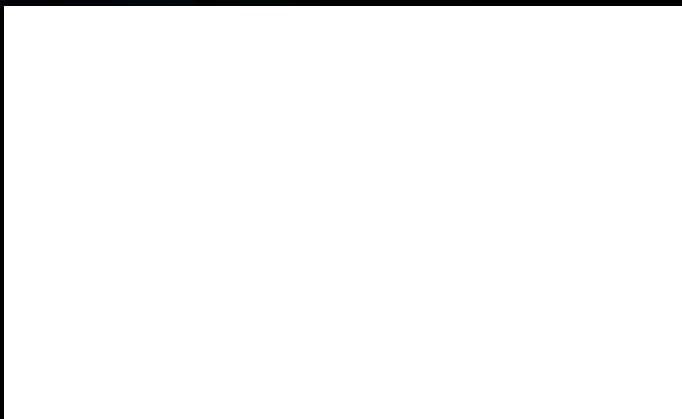

950x
less
conductive

Most heat loss occurs at the edge of the glass. Super Spacer blocks heat loss to keep the warmth inside your home.
